

## COVID-19 Testing and Vaccination Coverage

On January 30, 2023, the Biden Administration declared to end the COVID-19 Public Health Emergency (PHE) and the National Emergency (NE). Effective June 1, 2023, there will be coverage cost share changes to COVID-19 testing and treatment under Fusion's Highmark Blue Cross Blue Shield insurance.

- Services such as COVID-19 diagnostic and anti-body testing, over-the-counter test kits, and related services to diagnose COVID-19 (office visit, ER, Telehealth, urgent care, etc.) will be paid as any other expense under the health plan.
- In-network vaccines and boosters will continue to be paid at 100% with no member cost share like a flu shot. Out-of-network vaccines and boosters will be paid as any other out of network preventive vaccination.

If you have any questions regarding coverage of COVID-19 testing and treatment, please contact Highmark Blue Cross Blue Shield at (855) 990-9358.

### Highmark COVID-19 FAQ

#### The Ease of Virtual Health Visits

Get 24/7 care, when and where you need it, by connecting with a board-certified doctor at your fingertips when using Well360 Virtual Health offered through Highmark BCBS. Use the [Well360 Virtual Health website](#) or download the Virtual Health App to conveniently schedule telemedicine visits for services including:

- Urgent Care
  - See a doctor virtually for non-urgent conditions like pink eye, sinus infections, rashes, strep throat
  - A doctor can diagnose, treat, and prescribe medication for common illnesses and problems
- Behavioral Health Therapy
  - Schedule a virtual appointment for behavioral concerns like anxiety, depression, or insomnia
- Psychiatry
  - Schedule a virtual appointment with a psychiatrist for prescription medication, psychiatric assessments or help with any mental health needs
