As a new grad, you have the sweet perk of taking part in Fusion's student outreach resources! We take your first steps into becoming a healthcare traveler very seriously, which is why we want to help you along the way!

New grad bonus (PT/OT/SLP)

Being a new grad is nerve-wracking enough. Let's loosen the reins a little and let you in on a secret: Get up to \$5,000 traveling as a new therapy grad with Fusion. No contract. No pressure.

CEU reimbursements

Get educated and get paid. When you develop your skills through certifications, seminars, and courses, you can do it on our dime. Get up to \$300 in CEU reimbursements per year.

Therapy mentorship

Need some insight on transitioning from student life to a therapy traveling career? Our experience mentors have your back. They'll be there for you as you go through your first couple assignments.

Flexible schedule

Work where you want, when you want, how you want. When it comes to travel, you decide the start date, and you sign the contracts. Then, we'll put you in the right place at the right time.
